I received the Examiner's Detailed Action dated February 21, 2003, advising that the previous Response filed October 29, 2002 was non-responsive due to failure to elect.

Upon review of such Office Action, I noted that the Examiner's allegation that the applicant had not previously elected was completely unfounded – the Applicant's election having already originally been made in the Applicant's response filed October 29, 2002 (copy attached) where it is clearly stated (see bottom of page 4 and top of page 5) as follows:

"While it is submitted that the above amendments are sufficient to overcome the examiner's election requirements, pursuant to 37 C.F.R. 1.143, in the event the examiner should refuse to withdraw the election requirement, the Applicant elects, on a without-prejudice basis, claims 13-20 for further prosecution."

I called Examiner Tran on March 11, 2003, as I believed the Action was issued in error. Mr. Tran agreed that the Action requiring restriction was in error, and also agreed to examine ALL claims to see if restriction is still needed. If not, he would submit an Action on ALL claims. In this response, I enclose, for your review, a copy of my memo-to-file and hand written note from which the memo-to-file was prepared, which I made immediately after speaking to Examiner Tran on Tuesday, March 11, 2003.

In view of the above and in view of Examiner Tran's statement to me, I did not believe that I needed to respond to the Action dated February 21, 2003. It was not until October 6, 2003 when I received an Abandonment notice that I was informed that a response to the Action dated February 21, 2003 should have been filed.

Thereafter, I submitted on November 4, 2003 a Petition to Revive, on the basis that same was unavoidable. Enclosed with same was the response of October 29, 2002.

The Petition was dismissed on November 4, 2004 (a notice of which was received November 23, 2004), on the basis that the response of October 29, 2002 was non-responsive, as not including a copy of the amended claims, and that the Voluntary Amendment submitted May 11, 2004 did not likewise re-iterate the election.

After discussion with Supervisory Examiner Eileen Lillis on November 24, 2004, a renewed Petition to Re-instate was filed, with (1) a copy of amended claims; (2) a notice of the election, and (3) an advisal that the amended claims all read on the election submitted on claims 13-20 such filed, via facsimile, on December 8, 2004.

This renewed Petition was dismissed on April 27, 2005, as my arguments on the basis of unavoidable were not satisfactory to the Director.

Therefore, in view of the above, and in accordance with 37 CFR 1.137 (b), I believe it is clear that the **entire** "delay" in responding to the Action dated February 21, 2003 is **unintentional**.
